# ALI Corp. Commercial EDI

ALI Corp. is a small VAN, specializing in small clients with specific requirements, low cost, near zero problems, fast turn around custom EDI house. We are proud of our in-house programming and one-on-one training and customer service.

Once you're setup by your OEM vendor, they contact us and in one to two weeks we will write any software overlay needed. If that OEM is already interconnected then it is a matter of a few minutes to do the setup and connection.

Current Trading Partners, (available overlays):
